

ULTIMATE EDGE

FROM
EDGE DOCUMENT SOLUTIONS, LLC
COMING SOON!!

ULTIMATE EDGE FOR OECN OFFERS A MYRIAD OF CUSTOMIZED ADVANTAGES:

- Print Fully Collated Purchase Orders in complete sets
- Print PO's directly from USASWeb. It is no longer necessary to exit USASWeb and use USAS to create a file to print purchase orders
 - DAT & XML file support allows users to create purchase orders in either USAS or USASWeb
- Electronic PO Delivery via email directly from EDGE
- PO customization as you need it. Variable text fields allow you to customize the verbiage for the Treasurer's Statement and Delivery Instructions without customization fees!
- Purchase order templates available with either one or two signatures, and an optional "Verification of Goods" box
- Image Creation for archival, paperless copies, and email delivery of documents
 - Document Image files created by Ultimate EDGE are indexed and user named to allow easy import into records retention archive systems. An optional file handling and indexing feature is available as well.
- ZIP Print feature for one step seamless printing from state software
- ACH Direct Electronic Payments Module allows you to print checks and send electronic payments directly to your bank simultaneously! (Optional Feature)
 - ACH payment remittance notifications are sent via email with ACH Payment Module
- iBridge links images to records retention storage systems for archival (Optional Feature)
- New fonts and templates provide high impact, attractive business documents

EDGE & OECN – A HISTORY SHARED

DID YOU KNOW THAT EDGE...

- Has partnered with the Management Council of The Ohio Educational Computer Network (MCOECN) since 2000
- Has over 320 OECN Member Districts using EDGE as their laser printing solution
- Had 20 of the 23 ITC's using EDGE Tax in 2009 to print their W2's and 1099's

EDGE – SUPPORT ADVANTAGES

DID YOU KNOW THAT EDGE...

- Offers Disaster Recovery options to assure that your checks can be printed if an emergency arises
- Designs and develops its own proprietary software enabling us to meet your specific needs
- Applications are backed and supported by our own development teams
- Will support your staff via our secure on-line web portal which allows us to address issues quickly and efficiently
